Notes: Please include color photographs, around 1-2" in size when formatted onto the page. If using Microsoft Word, select "Wrap Text" for photograph for easiest formatting. Include the title, year made if known, medium (such as acrylic, graphite, ceramic, etc.), dimensions, and price. If not for sale, write "NFS" and include insurance value. If it is an irregular shape, measure the largest dimensions across. We will take the title directly from the image inventory list, including capitalization and punctuation, so please double check for errors. Please **email** your completed image inventory sheet to **taube@srt.com**.
